

# now hiring!

## at our bistro in lake mills

our 3-year old café is expanding into a new building with an expanded menu. we are looking for motivated, conscientious, and customer-focused individuals who have a passion for food<sup>1</sup>. we have openings for the following position:

- **food prep/cook** *(must have kitchen training/experience and be excited about working with local farmers & sourcing local foods. must be detail oriented, enjoy making food for people, capable of multi-tasking, and enjoy a fast-paced workplace. ideal position for growth into sous chef or chef)*

<sup>1</sup> we are looking for foodies. we all love to eat, but we are looking for someone who loves to savor each bite and each combination of food, loves to talk about the food, is invested in the idea of using local or organic foods, and understands the big picture of food to table
